PROSPECTUS "THE SOUTHERN PRESS.

An association of sixty-three Members of Congress Senators and Representatives, bave constituted the undersigned a Committee to superintend the esta-blishment of a Southern Press at Washington City, to be devoted to the exposition and defence of South ern Rights and institutions—the dissemination of correct information as to Northern Policy, and the course of Political affairs generally, without reference to the old party lines of Wing and Democrat. Arrangements are now in progress, promptly to ensure the issue of such a paper under the title of

"THE SOUTHERN PRESS," for the conduct of which, suitable Editors have been engaged, who will also receive the aid of a number

of eminent and and able contributors.

There will be a daily, a tri-weekly, and a weekly issue—the latter to contain substantially, the same matter as the former, and intended to reach those points of the country whose mail facilities are limited The paper will not be exclusively pointical—but will embrace on its broad sheet the General News of the day, Domestic and Foreign, by mail and telegraph; Commercial and Agricultural Intelligence, terary Criticisms, Original Essays, Literary and Miscellaneous; and, in short, all those items of general interest, the collected aggregate of which ustitutes the interesting and valuable Newspa-r. Great care will be taken to give full and correct reports of the Proceedings and Debates in both Houses of Congress, as well as the action of the local Legislatures on the Southern question.

A limited number only of Advertisements will be received—the main object being to furnish a large amount of reading matter.

The maps will.

WASHINGTON, May 17, 1850.

To the President of the National Institute

for the Promotion of Science.

Sin: I have the honor herewith to transmit copies of a correspondence which has taken place between the Minister Plenipotentiary of her Majesty the Queen of Great Britain and this Department relative to the proposed Industrial Exhibition to be held in London in the year 1851. in Lordon in the year 1851.

From the circular of the Royal Commissioners of Great Beitain, hereto annexed, it will be observed that all objects intended to be introduced from foreign and country. They will communicate to such Central Authority the annunt of space will the such country. They will communicate to such Central Authority the annunt of space in the standard paper, 16 by 25 menes, made foreign neticles only as may be forwarded to them by the Central Authority (whatever may be its nature) in each country. They will communicate to such country. They will communicate to such country the annunt of space in the standard paper, 16 by 25 menes, made expressly for this purpose.

This work has nothing sectional in its scope; it will therefore be comprehensive in its spirit. The nature) in each country the annunt of space. all objects intended to be introduced from fortage and countries and entered for that Exhibition are required to have been first submitted to and approved by a can be trail authority or commission of the country from which they shall be brought, and that no other will be recognized as a central authority except such as shall have been so certified by the Government of the country in which it exists.

The same Crimial Authority for which it exists and public services have won for them an honorable country for which it eats, and will also state the fame throughout the nation. Each of the great deconditions and limitations which may from time to time be decided on with respect to the admission of articles. All articles forwarded by such Central Authority will then be admisted, provided they are the conditions and fine constitute the Republic, whose country in which it exists. shall have been so certified by the Government of the country in which it exists.

That American industry and arts may be enabled to appear in the place allotted to them, it will be make that a recognized central authority should be constituted; and I am under the impression that the National Institute, having been regularly incorporated by act of Congress, and being habitually engaged in matters pertaining to the arts and sciences, is the proper body for taking the initiative in constituting such a central authority.

It therefore beg leave to submit to its consideration the interesting and important subject which has been.
